

AMENDMENT TO THE SPECIFICATION

Amend paragraph 0028a as follows:

[0028a] (Currently amended) Fig. 1A shows the position of the piezoelectric torch flame ignition device [igniter] with respect to the mouth piece, in which the torch flame ignition device [igniter] is spaced from the bottom of the combustion chamber[.], as can be seen in FIG. 1, such that the torch flame when ignited extends in a direction generally perpendicular to mouth piece pipe 16 and across the bottom of the combustion chamber.

Following para 28 add;

~~Text of paragraph 0028a, as amended:—~~

[0028a] Fig. 1A shows the position of the piezoelectric torch flame ignition device [igniter] with respect to the mouth piece, in which the torch flame ignition device [igniter] is spaced from the bottom of the combustion chamber, as can be seen in FIG. 1, such that the torch flame when ignited extends in a direction generally perpendicular to mouth piece pipe 16 and across the bottom of the combustion chamber.
